Elegy in F sharp minor, Op. 30	Mieczyslaw Surzyński (1866-1924)
Improvisations on the Polish Church Hymn "Holy God," Op. 38	

## BIOGRAPHY

Marek Kudlicki is one of the few organists who earns his living almost exclusively from appearing in concerts. He tours the world constantly and has performed on every continent achieving great acclaim. He has often appeared at international festivals as performer and judge for organ competitions. His numerous performances have been presented in conjunction with well known concert series in various music centers (Stockholm, London, Vienna, Sydney, Wellington, New York, Minneapolis, Bogota, Buenos Aires), as well as at renowned concert halls (Cracow Philharmonic, Cracow; Sala Luis-Angel Arango, Bogota; Cleveland Museum of Art, Cleveland; Sejong Cultural Center, Seoul; Roy Thompson Hall, Toronto; Hong Kong Cultural Centre, Hong Kong; National Concert Hall, Taipei).

Mr. Kudlicki was born in Tomaszów Lubelski, Poland. He studied organ (under Prof. Joachim Grubich) and conducting (under Prof. Krzysztof Missona) at the Academy of Music in Cracow. He completed his diploma with distinction. It is noteworthy that he began his musical career while still a student, by giving concerts and recitals in many cities of Poland. He won First Prize (and the Special Prize of the Polish Ministry of Culture and Art) in the Organ Competition in Poland in 1973. In the summer of 1973 he took part in the master course in Mechelen (Belgium) taught by Prof. Flor Peeters, the noted interpreter of Cesar Franck's organ works. He continued his postgraduate studies with renowned organist, Prof. Hans Haselböck at the Vienna Academy of Music. In 1985, 300<sup>th</sup> anniversary of J.S. Bach, Marek Kudlicki was invited to perform on the largest organ of Asia in the International Festival in Seoul, Korea.

Mr. Kudlicki regularly promotes Polish organ music in his programs. He routinely includes works of native composers in his recitals and in his recordings. For many years he has been actively engaged in artistic activities as shown by the many concerts he has given in almost all of the European countries and many times in the U.S.A. and Canada, as well as in Australia, New Zealand, South Africa, Colombia, Argentina, Mexico, Hong Kong, Japan, Malaysia, Singapore and Taiwan. His annual coast to coast North American tours are greeted with enthusiasm. This is his jubilee 50<sup>th</sup> American concert tour and his first appearance on the famous Fritts organ at Arizona State University.

---

Please join us for other concerts  
in this year's ASU Organ Series:

**Sunday, October 26, 2014 2:30 pm**
