Philadelphia, July 8th, 1933.

Dear Dr. Lillie,

We arrived here in Dr. Parmentier's house after a very nice and interesting trip by car from Chicago to Washington. ~~and~~ We saw Washington and its beautiful monuments yesterday and intend to go to New York to-morrow.

I will try to get some informations concerning my stipend in the Rockefeller office and some other informations concerning immigration in the German consulate. This will take two more days. So we intend to take the boat on Wednesday afternoon and arrive at Woods Hole on Thursday morning, July 13th.

Sincerely yours

V. Hamburger.
