DEPARTMENT OF ZOOLOGY

April 12th, 44

Dear Dr. Lillie,

Thank you very much for your last letter. I expect to be in Chicago for the Anatomists Meetings on April 28/29 and am looking forward to seeing you there.

We had a very pleasant evening with the Gildea's last night, a dinner at their house, preceding a lecture which I gave before the Neurological Society.

I am sending a short pamphlet of Spemann which, I think, I mentioned last summer. It shows that he raised his voice against the "Organ Science", even in print.

Cordial greetings to you and

Mrs. Lillie. Yours
V. Hamburger.
