

November 11, 1971

Dr. Dennis Stelzner  
Department of Anatomy  
Upstate Medical Center  
Syracuse, New York 13210

Dear Dr. Stelzner:

My new coworker, Dr. R. Skoff and myself are beginning EM work on the spinal cord of the chick embryo. I wonder whether your work which you mentioned in a letter of January 1, 1971 has been published in the meantime. I would appreciate it if you would let me know which direction your work is taking, so that we can avoid duplication.

With my best personal regards,

Sincerely,

Viktor Hamburger
